### Hon. C. B. Kilgore Renominated by Acclamation at Marshall.

#### Large Democratic Gains. With the Whole Ticket Elected—Latest Report from Arkansas

The Trading of Votes by Which Oklahoma City Will Probably Be Made the Capital of Oklahoma Territory.

#### THIRD DISTRICT CONGRESSIONAL CONVENTION.

Special to the Gazette.  
MARSHALL, TEX., Sept. 2.—The Democratic congressional convention of the Third district was called together in this city to-day by T. M. Campbell of Greer county, who was afterwards made permanent chairman. L. B. Hart of Upshur, temporary secretary, was made permanent secretary. C. B. Kilgore was nominated for re-election by acclamation, no other name being presented. H. N. Nelson of Poplar county was made chairman of the Democratic party for this city for the next two years. Very little interest was manifested in the convention.

#### A DEMOCRATIC VICTORY IN ARKANSAS.

TEXARKANA, TEX., Sept. 2.—The election over the line in Arkansas resulted in a Democratic victory. Miller county, Ark., officers are all Democratic with increased majorities over previous years. The accounts from all sections of the state indicate large Democratic gains, and the whole ticket is elected. It is a notable fact that some of the most conservative white Republicans have left their party on account of the pending force bill, and say that as long as that and similar elements are held over the South they will stay out.

#### THE RETURNS AT FORT SMITH.

Fort Smith, Ark., Sept. 2.—The returns show a large Democratic gain in this country. In 1888 Eagle's majority in this township was 336 over Norwood, Union Labor candidate, out of a vote of 2002. Eagle's majority over Pizer yesterday was 661 out of a vote of 1954, showing a Democratic gain of 281. The county and three others in the county heard from give Eagle over 800 majority, with seventeen townships to hear from. His majority in the entire county will reach 1200.

#### GUTHRIE'S ONLY CHANCE.

GUTHRIE, O. T., Sept. 2.—The capital campaign has been sprung in the council by the introduction of a bill locating the seat of government at Oklahoma City. It seems to be a conceded fact that the bill will pass and Guthrie's only hope now lies in the exercise of the veto power of the governor. Whether or not his excellency will come to the rescue of the town of his choice remains to be seen. Some think he is too much of a politician to say no when a majority of the house have said yes. It has developed within the last two days that the combination whereby the Democrats and people's party gained control of the two houses was obtained at the expense of Guthrie as the permanent capital. The Democrats of the city and surrounding territory are very indignant that the combination was made if in perfecting it their fondest hopes were made the purchase price for honoring a third party with the control of the two houses. The constituents of the very many who held the balance of power condemn the methods of their representatives. Oklahoma City has undoubtedly used money to carry out effect their plans in capturing the coveted prize. The turn affairs have taken may be a triumph for Democracy but it is a—Guthrie.

#### JAYHIDES TO MEET.

Special to the Gazette.  
RICHMOND, TEX., Sept. 2.—A meeting of the Jaybird Democratic Association of Fort Bend county has been called to meet September 22, in Richmond, to transact business of importance.

#### SURPRISED AT HIS WITHDRAWAL.

SHERMAN, TEX., Sept. 2.—Our citizens were surprised to hear of the withdrawal of Capt. Jim Woods from the race for district judge, giving as his reason that if elected he did not think the place would be one that he would like and would not like to be tied down to the duties of judge of a district with the amount of work like in this one.

#### RAILWAY RATIFICATION.

Special to the Gazette.  
GAINESVILLE, TEX., Sept. 2.—A mass meeting was held at the courthouse last night to appoint committees and make all preliminary arrangements for the railway ratification. The 22nd of September was selected as the day and the park near the waterworks as the place for the celebration.

#### SMITH COUNTY UNION LABOR PARTY.

Correspondence of the Gazette.  
TYLER, TEX., Sept. 1.—A convention of the Union Labor party of Smith county has been called to meet in this city September 25.

#### FIFTEENTH SENATORIAL CONVENTION.

Special to the Gazette.  
FAIRFIELD, TEX., Sept. 2.—The convention for the Fifteenth senatorial district met here to-day. The candidates were B. E. Steele of Erwin, W. H. Richardson of Limestone and Senator Simkins of Navarro. Each county stood solidly by its man to the 500th ballot. Simkins, who is the present senator, has eleven votes, Richardson seven, Steele six. It is thought the result will be a scrub race.

#### NEW HAMPSHIRE DEMOCRATS.

CONCORD, N. H., Sept. 2.—The platform, which was unanimously adopted, condemns the Republican party for its actions upon questions affecting the people; for its promises of tariff reform which have resulted in heavier burdens upon consumers; for its infirm management of our foreign affairs; denounces the McKinley bill as favoring a combination of manufacturers and trusts, and condemns especially the support given the measure by representatives in congress; denounces the house for revolutionary measures to deprive the minority of its rights and the arbitrary and tyrannical conduct of the speaker; denounces the force bill; arraigns the Republican

party for extravagant expenditures, for its conduct in dealing with intemperance and liquor laws; favors a tariff bill yielding a revenue adequate to the support of the government; demands tariff reform and favors pension legislation.

#### SOUTH DAKOTA, POLITICALLY.

Special to the Gazette.  
SIOUX FALLS, S. D., Sept. 2.—Senator Frank Pettigrew left for Washington to-day, after weeks of hard work in South Dakota's political field. Pettigrew said just before he took the train that he thought the Democrats would carry the next house because Republicans were not doing any hard work and were over-confident. He admitted the Farmers' Alliance was developing more strength than their political foes gave them credit for, and said he would not be surprised if they carried the legislature in this state.

#### NEW MEXICO DEMOCRATS.

CONCORD, N. M., Sept. 2.—The Democratic state convention was called to order at 11:15 a. m. by Chairman C. F. Stuart of Lincoln county. It was held in last night's caucus, was approved and permanent President J. P. Bartlett escorted to the chair and delivered an address.

#### MUCH INTEREST MANIFESTED.

AUSTIN, TEX., Sept. 2.—There is much interest taken in the meeting here Friday of the nominees of the Democratic state convention to formulate a plan of campaign.

#### ALMOST—ALTOGETHER.

Such Was the Theme Delivered at the Campaign Meeting Last Night.

The Rev. A. J. Bates again preached a powerful sermon last night at the harbor on the necessity of not "almost," but altogether being a Christian. A large audience greeted the speaker and listened intently as he pointed out the danger of delay. To not be to live; inaction means death, in the Christian warfare as well as in nature. The invitation was again heeded by many to start on the heavenly journey.

Will not those who can sing bring their Gospel Hymns Combined, and as the service began, services began every evening at 8 o'clock.

To-night Rev. J. M. Barcus of the Mulkey Memorial tabernacle conducts the meeting. The altar is located just west of the Daggett schoolhouse, about 300 yards from the Union depot.

#### Indications.

WASHINGTON, Sept. 2.—The temperature has fallen slightly in the Northwest and Texas. Elsewhere it has remained stationary or risen slightly.

Forecast till 8 a. m. Wednesday: For Eastern Texas—Fair, stationary temperature in southern, cooler in northern portion, southerly winds.

For Arkansas—Local showers, stationary temperature, followed by cooler southerly winds Wednesday.

#### State Arbitrating Board's Session.

NEW YORK, Sept. 2.—The state board of arbitration began its investigation here to-day as to the difficulties existing between the New York Central railroad and the Knights of Labor. The first of the parties interested to appear was the president of the board, Mr. Webb, who was the first witness called. He said the board had no controversy with its employees. On the evening of August 8 a large number of employees left and their places have been filled. The alleged cause was that seventy-eight members of the board had been discharged. They were discharged for good reason and only seven of them applied to the company for information as to why they were discharged. Subsequently a gentleman from another state called and wanted to know why the men were discharged. The witness declined to give the reason. This man was Mr. Holliday. Upon being cross-examined by Gen. Roger Pryor, Webb said he had nothing to do with the road outside of the transportation and operating department. Mr. Depew was also there. With his discharged men on reports from members of the secret service of the company. The reports are not in existence. They conveyed to him charges and evidence. The charge itself was unsatisfactory service.

## AN ELEPHANT.

### That's What Blaine's Reciprocity Scheme Develops Into.

#### Republicans Agree That It Must Be Swallowed, But Some Take It One Way And Some Another.

#### A Bill by Coke to Compel National Banks to Redeem Their Circulating Notes—Barruda's Widow Appeals.

#### BETTER CALL BLAINE IN.

WASHINGTON, Sept. 2.—The discussion of the reciprocity question in the senate to-day was extremely interesting, and was participated in by many of the ablest men of both sides of the chamber. There was, however, an evident lack of precaution on the part of the Republicans. That is to say they have not as yet fully made up their minds as to which is the line to pursue in order to carry out the ideas that Secretary Blaine has forced upon the party in spite of the unwillingness of so many leading Republicans in congress.

TO ADOPT THE SUGGESTIONS of the secretary. Some want one thing and some another, and the Democrats are chuckling over the embarrassing situation in which their opponents find themselves at present. In the very entertaining, and at times animated, debate to-day, the Democrats exercised the Republican leaders by putting what were considered "leading" questions. Messrs. Sherman, Allison, Aldrich and other Republicans, were at their wits end to give answers. The reciprocity question has been taken up at such a late stage in the session, there is really not sufficient time in which

TO LEGISLATE WISELY on the subject. The statesmen on the floor of the senate to-day by leading Republicans will give the country an idea of the way in which the men responsible for legislation are floundering. As a well known public man said this evening, the managers in this congress were given notice as long ago as last February by Blaine that they would have to consider the reciprocity question, but they did not then choose to take his advice, and now that they find Mr. Blaine is backed by public sentiment they are compelled to adopt his suggestion.

In the whole discussion the Republicans have talked as if sugar was the only article to be considered in the reciprocal sense, and on this point they have been pinned down by the Democrats until it has been amusing to watch the contortions of such uncompressing protectionists as Messrs. Sherman, Allison, Alrich and the managers general of the pending bill.

Sherman's Canadian general reciprocity scheme has collided with Mr. Aldrich's Cuban scheme to cover nothing but the sugar question, and the Republican statesmen appear to have forgotten that wool, hides, furs and many articles ought to figure in a program of reciprocity just as much as sugar, if the American people are to receive the general benefits of the Blaine policy.

#### THE BRECKINRIDGE CASE

was taken up in the house to-day and the majority will proceed to-morrow morning to unseat the gentleman from the state of Virginia. Mr. Webb, being advocated by some of the Democrats is carried out it will require several days of hard fighting before the majority accomplish their designs. The leaders of this movement propose that all of the Democrats, except just enough necessary to watch the other side shall absent themselves from the hall and keep up the fight.

on this line until the Republicans are compelled to bring back to the city enough of their own men to rob Mr. Breckinridge of his seat. Some of the Democrats do not, however, favor the plan. They think a program will be accomplished in the long run, and that as Mr. Breckinridge is to be turned out anyway it might just as well occur this week as next. They say that he will be re-elected in November for the short and the long terms, and that will be a sufficient rebuke to the man who will, by brute force, deprive him of his rights.

#### Texas Patents Issued.

Special to the Gazette.  
WASHINGTON, Sept. 2.—List of patents for Texas: Brace, William H. Henderson and L. H. Porter, Rockdale; running gear, William D. Mayfield, Fort Worth; fumigator, Lee Russell, Luling; cotton chopper, Thomas H. Smith, Honey Grove; cultivator, Isom and D. Stuart, Nolanville.

#### The Lottery Bill.

WASHINGTON, Sept. 2.—The senate committee on postoffices decided to-day to report the lottery bill exactly as it came from the house. By this plan it is believed the passage of the bill is assured this session.

#### A Sugar Amendment to the Tariff Bill.

Special to the Gazette.  
WASHINGTON, Sept. 2.—Senator Manderson offered an amendment to the tariff bill to-day which proposes all sugars above No. 16 and under No. 20, Dutch standard, shall pay six-tenths of a cent per pound; above No. 20, eight-tenths of a cent. This is offered in the interest of New Yorkers, who have just completed a large beet sugar factory in Nebraska. Manderson's amendment also provides for the admission of beet sugar machinery free of duty.

#### Report of the Mississippi River Commission.

WASHINGTON, Sept. 2.—The Mississippi river commission, of which Col. Comstock of the corps of engineers, U. S. A., is chairman, has made its annual report of the work of improving that river accomplished during the past fiscal year. The commission makes the following estimate of the funds required for the fiscal year ending June 30, 1892: For salaries and expenses of commission, \$35,000; for surveys and examinations of the Mississippi river from the head of the passes to its headwaters,

\$150,000; for improving the river from head of the passes to the mouth of the Ohio river, \$400,000; for work at Hickman, Ky., \$111,230; at Greenville, Miss., \$350,000; at Vicksburg, Miss., \$175,000; at Natchez, Miss., \$250,000; at New Orleans, La., \$200,000, and in Red and Atchafalaya rivers, \$350,000. The amount expended in improvements on the river from June, 1889, to 1890, was \$1,496,128.

#### Texas Postal Matters.

Special to the Gazette.  
WASHINGTON, Sept. 2.—F. G. Sharp has been appointed postmaster at Wilbarger, Wilbarger county. The post-office at Swannville, San Augustine county, is discontinued. The mail goes to Tebo.

#### Introduced by Coke.

WASHINGTON, Sept. 2.—A bill introduced by Senator Coke of Texas provides that hereafter no national bank shall issue circulating notes, and that within six months each national bank shall deposit money with the United States treasurer for the redemption of its circulating notes. Bonds now deposited for this purpose shall be returned. United States local tender notes shall be issued in the place of bank notes. Authority is given national banks to loan money on real estate.

#### THE COURTS.

Numerous suits filed on the last day—The County Court—A Couple More Divorce Cases.

Judge Harris was not so busy in the county court yesterday as on the opening day of the term, though he was by no means idle. Several important criminal cases were tried out. Pink Barrett, the burly negro whose case has created some interest recently, was fined \$25 for carrying a weapon.

Yesterday was the last day for filing suits for the coming term of the district court, and there was something of a rush to get the cases on the docket. Among those filed were two suits for divorce.

J. P. Moran wants divorce from his wife Margaret. They were married in Arkansas in 1872 and separated in June, 1890. Plaintiff says defendant was reckless of her feelings and went out with a man not her husband to Yellowstone Park and returned home at an unreasonable hour. When asked to desist from such conduct she replied that she didn't have to, that she would go out at night with whoever she pleased, and that it was none of plaintiff's business with whom she kept company.

Bella McKay wants separation from her husband Ezekiel, who, she asserts, treated her harshly, cruelly and with unfaithful conduct. She says he lived in adultery with a certain named woman.

Mrs. L. R. Garner sues E. W. Naylor for debt.

G. W. Alexander sues for \$5000 from E. B. Daggett. The claim is for debt for services as agent.

J. N. McKnight enters suit against A. T. Byers to remove cloud from certain south side property.

W. R. Sawyers sues J. T. Orchard to try title.

Several other cases of no great importance are filed.

#### LOCALITIES.

The choir of St. Andrews church are asked to meet this evening at the church for organization and practice.

City Secretary Early has had printed a number of neat tablets on which is set forth the full roster of municipal officers for the current year. The tablets are handsomely and artistically decorated with a small surface of paper.

All members of the Young Men's Christian association that possibly can are requested to be present at the funeral of C. E. Maynard, who has done so much for that organization. The funeral takes place at 10 a. m. from the St. Paul's M. E. church.

The county Republican executive committee of this county has nominated Mr. J. W. Hommock, postmaster of Arlington, for the position of county clerk instead of Mr. E. Mont Reilly, who has declined the nomination. The committee have not as yet nominated anyone in Judge Cooper's place for county attorney.

Mr. J. T. Orchard, who has for years been connected with the business department of THE GAZETTE, has severed his connection with this paper, and will hereafter devote himself and talents to the upbuilding of the Sunday Mirror. Mr. Orchard's connection with THE GAZETTE have been most pleasant, and his late co-laborers will rejoice to see him mount the ladder of success two rounds at a time.

THE GAZETTE's description of the labor parade which occurred on Monday failed to mention the displays made by the Iron masons union and the union of machinists. Both these bodies turned out well, creditably alike to themselves and the city. They have strong organizations both local and national, and their movements have been marked by conservatism and intelligence.

Sanitary Officer P. J. Bowdry has devoted some attention to the case of the man Dobbs, whose card in THE GAZETTE a couple of days ago announced his need for assistance. Dobbs is a hard working but unfortunate man, says Bowdry, who knows him well. Bowdry has raised considerable money for him. He is deserving of all contributions.

#### Ligon and Union Depot Lots.

Messrs. McAnulty & Nesbit have left the city for the summer have placed the sale of the Union Depot lots in the hands of W. L. Ligon, up stairs, 612 Main street, who will be pleased to give any and all information concerning this beautiful addition. He will convey in his carriage any person desiring to investigate the property, and after its beauties and advantages have been found out no one will doubt that it is fine property for a home or investment.

#### Extra Papers.

Parties desiring copies of THE GAZETTE to send off can secure them wrapped, ready for mailing, at the business office, at 5 cents a copy.
